Product: Free Standing Shower Model: QUBE

Purpose:

1. **Rinsing Off After Swimming:** Perfect for rinsing off chlorine, salt, or dirt after a swim in the pool or the sea, keeping your indoor shower cleaner.
2. **Cooling Off in Hot Weather:** On hot summer days, a quick rinse in the garden shower is a refreshing way to cool down.
3. **Keeping Dirt Outside:** After gardening, hiking, or playing sports, you can use the outdoor shower to wash off mud and dirt before going inside
4. **Watering Plants:** Some models come with adjustable water pressure, allowing you to repurpose the shower to gently water nearby plants or flowers.
5. **Pet Washing Station:** It's an ideal spot to bathe pets without creating a mess indoors.
6. **Enhancing Outdoor Spa Areas:** If you have a hot tub or sauna, an outdoor shower adds a convenient and stylish way to rinse off nearby.
7. **Eco-Friendly Option:** Using solar-heated outdoor showers reduces indoor water and energy consumption, especially useful in the warmer months.
